Flat Fees for Madrid Refusals in the United States

Option 1 - Refusal of Identification/Classification of Goods/Services with Change of Correspondence Address

We will file the response together with a Power of Attorney and Change of Correspondent Address. For a fixed fee of US \$395.00 for one class and US \$265.00 for each additional class in the same application, we will review the refusal relating to the identification/classification of goods. In addition, we will review the file and will respond to the Office Action and file a Power of Attorney.

The following are included in our fixed fee:

- Creation and opening of a file
- Review of file and preparation of the response
- Submission of the response to the USPTO
- Forwarding a copy of the response sent to USPTO
- Monthly status checks and reports sent periodically as agreed upon
- Transmittal of the Notice of Allowance
- For reasonable inquires as to the status of the application, there is no charge

This option will allow us to prosecute the application and will change where correspondence is received. It changes the correspondent address to where the USPTO sends correspondence. It does not affect the address of the representative designated in the international registration to which the International Bureau sends correspondence.

Option 2 - Refusal for Other Reasons

We will respond to Office Actions citing any cause for refusal of the trademark application. Responses other than for identification/classification (see fixed fee rate above) are billed at an hourly rate of US \$395.00.

USPTO fees are subject to change.

All fees are quoted in US Dollars.

Payment Methods include Wire Transfers, Credit Cards, and checks.

All invoices are NET 15 DAYS.
